SUMMARY

Computer Science and Technology diploma student at Jashore Polytechnic Institute with practical experience in Cisco Packet Tracer labs, routing, VLANs, ACLs, PC assembly, Windows installation, and basic IT troubleshooting. Seeking an entry-level IT Support or Networking role to apply technical knowledge, strengthen practical skills, and contribute to reliable IT operations.

PROJECTS & PRACTICAL LABS

Cisco Packet Tracer Routing & Networking Labs

- Designed and simulated network topologies using Cisco Packet Tracer.
- Practiced static, default, and dynamic routing, VLANs, inter-VLAN routing, and ACL configuration.

PC Assembly & Windows Installation

- Practiced desktop PC assembly, Windows and driver installation, and basic hardware/software troubleshooting.
- Performed basic backup and recovery tasks.

SKILLS

- **Networking & Security:** Cisco Packet Tracer, Static Routing, Default Routing, RIP, RIPv2, OSPF, EIGRP, BGP, VLAN, Inter-VLAN Routing, ACL Configuration, Home Router Configuration
- **IT Support & Hardware**: PC Assembly, Windows Installation, Driver Installation, Basic Hardware & Software Troubleshooting, Backup & Recovery
- **Additional Skills:** Basic Computer Operations, CapCut Video Editing

TRAINING & CERTIFICATIONS

- **IT Support Services – Level 3 — NSDA**
- **IT Support Services – Level 4 — NSDA**
- **Basic Computer Training**

EDUCATION

Diploma in Engineering **March 2023 - Present**

Jessore Polytechnic Institute

- Studying programming, networking, and cybersecurity as core subjects.

Civil **Jan 2020 - Sep 2022**

Hashada Secondary School

- Gained foundational knowledge of civil engineering, including construction materials, building techniques, technical drawing, and basic construction practices.
